

Pambula Merimbula Golf Club

Members' Dinner

Tuesday 26 September 2017

The PMGC Course Irrigation System Upgrade Project is moving ahead in leaps & bounds & was, at last assessment, a little ahead of schedule. Completion of the project & commissioning of the new system is anticipated for early-mid September.

Arguably the biggest golf course renovation project in Australia for many years past & yet to come, this has been a mammoth undertaking for the contractors, the PMGC project team (including the groundstaff & our huge team of volunteers), our supporters at local & state government level & indeed you, the members of this amazing Club. We should feel very proud of ourselves for successfully planning, funding & bringing such a huge project to a successful conclusion ... some might also add "... despite the doomsayers & against all odds". We have pushed ourselves to the limit & we have come out shining.

To celebrate the achievement, we are very pleased to announce arrangements for a 2017 Members' Dinner, to be held at the Club on Tuesday 26 September 2017. This gala event will include a fabulous multi-course buffet, presentations by some special guests & musical entertainment from our good friends "The Wobbles". A video clip of the project from start to finish will be shown throughout the evening.

If you only attend one function this year - make it this one. As a Club, we are entitled to start this new era with a fanfare & that needs all of us there on the night to

"raise the roof at PMGC !!"

Tickets go on sale at PMGC Reception from 1 August at \$45 per head & bookings are essential. Tables of 10 are available for group bookings – please get in early & secure your table.
